Mr. Hall,

Sorry for omission of the document you mentioned in your letter. I have attached it here. Also the Coltec file does just contain a cross reference to Enpro. I have attached that too.

Any other questions let me know.  
Thanks.

Dear Mr. Keating: Please see the attached letter,  
which contains a very  
modest followup request to my review of records on  
this matter with you  
on March 12. Thanks again for your courtesy and  
assistance during that  
visit.

Sincerely,  
Ridge Hall
